

Aloha Lahaina Shores Condominium Partner's –

As you know, Maui experienced an intense storm a week ago today with heavy rain, lightning, and a 12-hour power outage. The entire complex at 505 Front Street is still without power from Maui Electric Company. Most of the businesses are not open with the exception of Spanky's (generator power) and Goofy Foot. Whalers General Store, Feast at Lele, Pacific O, and others remain closed. The parking garage also remains closed until Maui Electric Power is restored. Owners and guests will continue to be accommodated in the lot across the street from 505 Front Street.

Aloha Lahaina Shores Condominium Partner's –

Due to the recent storm on Monday, October 23' 2017, we are currently experiencing a shortage of parking stalls. Lahaina Shores Beach Resort leases a number of stalls from 505 Front Street and due to the flood, the entire garage is not accessible. All owners and guests displaying the parking permit obtained during their arrival process will be accommodated.

Thank you for your understanding and patience. We will advise you when the 505 Front Street parking garage is reopened.
